Power Line Tree Trimming

RCEC crews have begun trimming trees that have grown too close to the power lines. Trees and power lines can be a dangerous mix without regular trimming during the growing season.

If you see us out in your area trimming, remember the many benefits it brings:

- *Keeps power lines clear of tree limbs*
- *Helps us restore power outages more quickly*
- *Keeps crews and members of our community safe*
- *Reduces unexpected costs for repairs*

Trimming improves service reliability for you, the members we serve.

Give us a call at 575-356-4491 should you have any questions or concerns.
